Bedford County.

The Americans of Bedford County, held a meeting in Shelbyville last week, Dr. Wm. E. Sutton in the Chair, and W. A. Allen acting as Secretary. A series of patriotic resolutions were adopted, and

delegates appointed to the State Conventien. Delegates were also appointed to a County Convention which is to meet on the 12th of next month. This Convention is recommended to select a candidate for the Legislature for Bedford county; and a Con- bia tow boat, Sam. Snowdon, had broden her shaft vention at a later day is recommended to select a and lost her wheel overboad. THE WEATHER. - The weather continues cool and cloudy. The indications on Saturday were favorable for rain. It would seem that February and March, this year, have changed places in the calendar, as during the former month the weather was genial and pleasant, while the latter thus for has been cold and cheerless.

J. H. Hobart Ward, Commissary General of the State of New York, and ex-Judge Birdsell, of N. Y. City, were passengers by the cars from Albany on Friday, and on arriving at 31st street depot they were handed over to the police on suspi cion of having picked the pocket of another passenger, who accompacied them before the Captain of Police. Fortunately that officer knew the gentlemen, and the complinant being aware of his blupder, made off with all possible dispatch.

Neuralgia Cured .- Read what Mr. Boyden says: no cine ever had certificates from such respectable sources as Carter's Spanish Mixture. Mr. F. Boyden, one of the original proprietors of the Astor House, New York, and for a number of years of the Exchange Ho'el, Richmond, Va., was cured of a severe attack of Neuralgia, by Carter's Spanish Mixture. The rapid and perfect cure effected in his case by this valuable medicine, arrested his attention and excited his interest; he recommended it to others afflicted with a variety of diseases, and in every instance a cure was effected. He has seen it cure Ague and Fever, Rheumatism, Liver Complaint, Dyspepsia, Fevers, Violent Coughs, and cases which were said to be confirmed Consumption, and nearly every other disease for which it is used. He remarks it is difficult to know what disease it will not relieve or cure, and as a Blood Purifier, and Spring and Fall medicine., he has never seen its equal. He cheer-Jas. L. THE REIGN OF ART .- In this wonderful age, Art lays her namer touches or almost everything. The ceilings over us and the carpets we tread on, are hallowed by Art. Art winds the railway through the mountains and the mud; makes her machines of wood and iron, to act as if with knowledge and annihilates space with lightning tamed down to the tuteledge of a boy. Nothing is too lofty for her touch and nothing too humble. A new proof of this old conviction has just falle a under our notice, in the shape of a CATHARvic Pill, from the Laboratory of that world renowned Chemist, Dr. C. J. AYER.

If we understand the subject, he has carried that article to the farthest perfection of which it is capable. Instead of employing Drugs in its composition, as we have always thought the necessary and only way, he has with consummate skill extracted the circues of the medicine to be employed and combined them alone in their purity together. The composition is then mixed and rolled by machinery and steam power into a sperold pill which is wrapped in an envelope of gelatine, for protection from the effects of weather or time, and then thickly coated with sugar, to serve as its passport over the palate. Notwithstanding all the labored perfection they are offered to the Public at less than one cent each. However humble the department, we think this may be safely characterized as the consummation of Art in

McMinnville, Jan. 26, 1857. jan80—daW9m janëo-daW9m WRITING A LL who wish to avail themselves of Mr. DOLBEAR'S instructions in Writing should do so without delay, as Mr. D.'s stay in the city is but limited. Those who wish to know the permanent advantage of his instructions should inquire of those whom he taught 13 years since in this place.

Parents, Ladies and Gentlemen Are invited to call and examine the rapid improvement of those who are now receiving lessons. LADIES In a few lessons learn to write with ease and elegance. No where do Laties feel the want of facility in writing more and other courses separate families, so than when marriage or other dauses separate families, so that the only means of intercourse is on paper. The want of this facility often causes families to become estranged of this facility often causes families to become estranged from each other, because a stiff, cramped hand renders that an intolerable task, which would otherwise be a pleasure. The following remarks of the Hon. T. H. Barros are very

appropriate:

National Considering a good hand-writing to be not only an accomplishment, but a means of success to every man engaged in basiness. I greatly applicad your meritorious exertions to improve the chirography of the age. A gentleman or a lady either who writes badly, never writes willingly, and consequently fail often to write when they should, and when they do write, it is done at the last mement, with haste and impatisnes, and consequently with faults of all kinds, often committing and injuring both the writer and the cause which he advocates. Wishing you every success in your landable undertakings, I remain yours, respectfully.

THOS. H. BENTON.

Are invited to contrast the easy facility of children 6 or 5 years of age, after a few lessons from Mr. D., with the stiff, cramped style of those twice their age, who have been 6 or 5 years learning in the common method, and then judge which is the cheapest and best method. CHILDREN Should begin writing at an early age. The case and free-dom acquired from Mr. D.'s instructions are never last, as ir.
